PROFESSIONAL SUMMARY

Web Designer (UX/UI) with one year of accelerated experience designing for a complex, data-driven SaaS platform in the education technology space. **Served as the sole designer on a cross-functional software team.** Known for improving usability in technical workflows, clarifying data-heavy interfaces, and aligning with engineering, product, marketing, and executive leadership. Brings strong visual design skills, systems thinking, and practical frontend understanding to deliver intuitive, implementation-ready designs.

SKILLS

Design: UX/UI Design · Wireframing & Prototyping · Information Architecture · Visual Design · Accessibility (WCAG) · Component-Based Design Systems · Figma · Design Documentation & Developer Handoff · CMS

Development: HTML · CSS · JavaScript · jQuery · Responsive Design · WordPress · Basic PHP · Basic Python

WORK EXPERIENCE

Junior Web Designer

Vivacity Tech PBC, St. Paul, MN (Remote) | December 2024 - Present

- Sole designer on a cross-functional software team of 10+ developers, owning the full UX/UI process—from wireframes and prototypes to developer handoff and front-end implementation guidance.
- Translate complex, data-heavy requirements into clear, accessible workflow within 2-week sprints, creating visually consistent web experiences that reduce friction for users and enhance user trust.
- Lead biweekly design reviews and collaborate with developers, product, and leadership to align decisions with technical and business needs, contributing to 3–5 active projects per quarter.
- Maintain and evolve a scalable Figma design system with hundreds of reusable components, improving consistency, accessibility, and design/development efficiency.

Web Designer Intern

Vivacity Tech PBC, St. Paul, MN (Remote) | September 2024 – December 2024

- Supported the design of a medium-scale web application as one of two designers, building a scalable Figma framework of the existing product and collaborating with developers and the product owner to align UX with technical feasibility.

EDUCATION

Bachelor of Science in Computer Science

Concordia University, St. Paul (B.S) | St. Paul, MN | Cumulative GPA: 4.0/4.0

January 2025 – Present
